PRICE LIST

CUSTOM DEVELOPMENT SOLUTIONS

CUSTOM FRONT—END DEVELOPMENT   PRICE: FROM €1500,00

Tailor-made from scratch solutions, ensuring they are easy to maintain, reliable, and stable. The service suggests creation of custom online solutions for any project, from improving an existing application to building a new enterprise application.

CUSTOM BACK—END PROGRAMMING   PRICE: FROM €2500.00

The back end code powers everything, from connecting to databases to processing form data. Custom back-end programming integrates in-house data systems, synchronises data, and adds dynamic content and flexibility.

DATABASE DEVELOPMENT AND MANAGEMENT   PRICE: FROM €3000.00

The development of a custom solution or the optimization of an existing solution ensures that data is efficiently organised, securely stored, and easily accessible.

DEVOPS AND CLOUD SOLUTIONS   PRICE: FROM €5000.00

Implementing industry-leading DevOps practices and leveraging AWS, Azure, and Google Cloud for efficient application deployment and management.

API DEVELOPMENT AND INTEGRATION   PRICE: FROM €2800.00

Facilitating seamless communication between software systems through expertly designed APIs, ensuring robust, secure, and scalable solutions tailored to customer needs.
